## SOUTHERN COTTAGE KITCHEN

The DACOR range is custom painted to integrate seamlessly with the surrounding cabinetry. The custom hood was designed to add a curve of softness to the space and to bring the brightened brass features of the range to the hood. This kitchen design was also the National Winner for the 2020 DACOR Kitchen Design Contest in the Traditional Category.

### SOUTHERN COTTAGE KITCHEN

The island countertop is Skara Brae Cambria. Knurled pulls throughout the kitchen add sparkle and texture.

Bold wallpaper and custom-painted cabinetry adds a sense of flair to this modern retreat.
